For the attention of Nicola Howarth
Doncaster Council

20th September 2021

Sent via email

Dear Nicola,

Planning reference: 21/02543/TEL - Sprotbrough Road, Sprotbrough, Doncaster - The installation of a 15 metre high monopole supporting 6 no. antennas and 2 no. transmission dishes, 4 no. equipment cabinets and development works ancillary thereto.

Thank you for your notification of the above application on 2nd September 2021. The Parish Council discussed the application at its meeting on 16th September 2021 and wish to make the following observations;

1. The Parish Council are concerned with highway safety given the proposed location of the mast being in close proximity to the public highway (Sprotbrough Road). Have any other alternative locations been considered away from the public highway. One location being closer to the railway line off Newton Lane. The Parish Council would request that suitable and appropriate highway safety evidence is provided by the applicant to support this application.
2. The Parish Council would also like to enquire what the coverage of the proposed mast is and whether it will provide the required coverage for the whole parish or whether any additional masts would be required in the Parish in the future.
3. The Parish Council are concerned with the loss of greenspace the proposal will create and the impact a development so close to the highway would have on the potential for cycle lanes in the future.

If you require any further detail from us at this stage please let me know and we look forward to receiving your responses to the above points.

Kind regards,

E. Garner

Emma Garner
Clerk to the Council
